

A dance to call your very own.

A dance that only you as a couple know the steps to. A dance that has incorporated your ideas and dreams of what your special day will be.

We choreograph a routine to the song of your choice and can even incorporate your bridesmaids and groomsmen.

Specialising in Jazz, Hip Hop, Contemporary and Ballroom, we can come to your home for lessons, or if you are planning on keeping this part of your day a surprise for your guests, you can come to us.
